Instructor: Prof. Lance D. Drager. Office: Math 236. Office Phone: 742–1429. If you let the office phone ring long enough, you’ll get me or a voice mail system you can leave a message on. My e-mail address is: drager@math.ttu.edu. Course materials will sometimes appear on my web page, which is http://www.math.ttu.edu/~drager

Office Hours: Office Hours: MWF 1:00–3:00. I am often in my office at other times. You can come by outside of formal office hours; I’ll usually have time to talk to you. Please feel free to come by if you need help.

Grading: The grading will be based on the following.

1. Homework: 65%
2. Mid-Term (take home) 25%
3. Final (in class) 10%

Home work will be given a definite due date. Late homework will not be accepted without a legitimate excuse (illness, etc.) Do the best you can by the due date. The deadline is 5 p.m. on the due date. The same rules apply to the take home exams.

Students are encouraged to collaborate on the homework. The problems on the take-home exams may be discussed with other students, but each student must write up their own solutions.

Sometime before the final there will be a written practice test that will not count for the grade.

Accommodations for Disabilities: Any student who, because of a disability, may require special arrangements in order to meet course requirements
should contact the instructor as soon as possible to make necessary accommoda-
tions. Students should present appropriate verification from Disabled Student
Services, Dean of Students Office. No requirement exists that accommodations
be made prior to completion of this approved University process.

**Religious Holy Days:** A student may be absent from class for a religious
holy day, as legally defined, and will be allowed to make up any missed exam-
ination or assignment within a reasonable time after the absence. You must
notify me within the next week of any scheduled class days on which you will
be absent for a religious holy day.
