Grading Policy: Your final grade in this course will consist of the following weighted components:

<tbody>
<tr>

<tr>

Homework will be assigned regularly and collected weekly. Most homework problems can be worked on in groups, but I will designate one homework problem with each assignment which must be worked on with no outside help!

Your final letter grade for this course will be determined as follows:

- 90–100%: A
- 80–89%: B
- 65–79%: C
- 55–64%: D
- 0–54%: F

Attendance: Class attendance is mandatory. It is assumed that you will attend, so I will not waste your time by taking attendance. However, keep in mind that it will be decidedly difficult for you to pass this course if you do not attend. If you arrive late to class, enter quietly. If you miss a class, it is your responsibility to find out what you missed (assignments, notes,...). If you are absent for an exam, you will be permitted to make it up if you are absent for one of the following reasons:

- You are out of town performing duties on behalf of the university (i.e., athletics). Advance notification is required.
- Religious holiday (see below).
- Severe illness, documented by a physician.
- Death in the family.
- Other extenuating circumstances, at the instructor’s discretion.

ADA Accommodation: Any student who, because of a disability, may require some special arrangements in order to meet course requirements should contact the instructor as soon as possible to make such accommodations as may be necessary.

Religious Holy Day Observance (OP 30.16) “2. Texas House Bill 256 requires institutions of higher education to excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day. The student shall also be excused for time necessary to travel. An institution may not penalize the student for the absence and allows for the student to take an exam or complete an assignment from which the student is excused. No prior notification of the instructor is required.”
