

Billing for the program

The billable amount for the program which includes tuition and fees, program fee, insurance, and education abroad fee is split into two parts.

- 1) A deposit of \$650 + EA fee of \$350 is billed in late March/early April and is due by late April.
- 2) The rest of the billable amount is available on the first summer billing cycle.

Students do not lose any money if they have commit early but program does not make.
