

Journal Assignment 4

Math 203 Contemporary Mathematics

Due on October 19

This assignment is about a person known as Sir Michael Atiyah.

Find out who he is and write a short biography of him. You may want to address such questions as: What is his profession? Why is he referred to as “Sir”? What has he achieved?

Atiyah is giving a public lecture here in Lincoln on October 21. You will have an opportunity to earn extra credit by attending this lecture, so make sure to mark your calendar, if you are interested.

Submit your journal by e-mail (not attachment) to `winther@math.unl.edu` by midnight on the due date.
